July Construction Update for Omni Louisville

Construction Milestones:

- The Omni Louisville Hotel has now reached its total height! The hotel celebrated its topping out on Friday, July 14 with a “bourbon baptism”.
- The precast concrete skin and windows of the hotel and residences will be fully installed by mid-August.
- The interior buildout of Falls City Market started this month.
- The above-ground parking garage is approximately 40 percent complete.
- Interior finishes such as drywall, tiling, paint and wood trim continue on the guestroom floors. Carpet installation has been completed through floor 8.

Omni Louisville General Manager Scott Stuckey pours bourbon over an ice sculpture of the Omni Louisville to celebrate its topping out at 30 stories.

Fast Facts:

- About 600 workers are on site each day – a big increase from earlier months. The additional workers are completing the interior finishes.
- More than 750,000 man hours have been logged in construction so far!

- Omni Louisville workers have poured and placed 43,000 yards of concrete.
