## November Construction Update for Omni Louisville

### Construction Milestones:

- Hotel signage is now complete. You can see the Omni Hotel signs from many points downtown.
- The final tower crane on Liberty Street is down, offering the first totally unobstructed views of the city's tallest hotel.
- The chandeliers in the ballrooms on the second floor will be fully installed by end of month. Carpet installation has begun and will be finished by late next week.
- The parking garage façade installation is underway.
- Flooring installation is underway on the first floor and in the third floor meeting rooms.
- Furnitures, fixtures and equipment installation in guest rooms began this month.

*Chandeliers are now hanging in the Omni Louisville's two ballrooms.*

### Fast Facts:

- Omni Louisville is now taking online reservations! Whether you're a Kentucky Bourbon Trail traveler, a couple planning a romantic weekend anniversary or an entrepreneur scouting Louisville as a business location, you can now book your room directly on Omni Louisville's website: <https://www.omnihotels.com/hotels/louisville>.

- More than 115,000 group room nights are already booked.
